

I want to take a minute and formally introduce myself. My name is Charles "Chuck" Spicuzza Lot [D110](#)

I am officially running for Board of Directors for D Section.

I started coming to this campground, in 1980, with my grandparents. I have my wife, Heather, and 4 children. Chance, Gabby, Blaze, and Kirsten. They are the 4th generation of SRCA campers.

I have been a bank manager for the past 21+ years and have been a business owner(DJ Chuck, Pittsburgh East Entertainment, and BankShot Entertainment) for the past, almost, 30years. I started my DJ company at Slippery Rock Campground while helping with the weekly teen center dances.

I am an active volunteer at a few different local charity organizations, Auberle, Paws Across Pittsburgh, and Light of Life Rescue mission, to name a few.

Why am I running now?

I have owned my own lot the past 3 years and have actively taken roles within the campground to help build some unity between the campground.

I have listened to many current members about ideas and Some events that have come back since I came back are the SRC Float, Teen vs Adult games, and Teen and Campground pool parties to name a few.

I think it is my time to run for board and continue to be a voice for everyone in the campground and also to help keep things the same, or make changes, where needed. There are many things that I feel are going in the right direction but I also feel that, with my background, there are many things that I can assist our campground in being changed, as needed.

I have been able to speak with many members and be a voice for them when issues have arose. I feel that making a transition to board member would help me continue to be that voice but also now help by having a vote when things come to the board.

I know what it is like to work and help run stuff for non-profits, I have helped fundraise over \$5 million in my time helping run events and by being the DJ/MC or various charity and non-profit functions. I actively manage over \$65million a day at my current position. I have been Helping individuals and businesses become financially stable and build/protect wealth for 21+ years now.

I believe in our campground, I love our campground, and I want to continue to make our campground one of the best places for families for many years to come.

Whether you are voting for me or voting for another person, please vote. Your voice is important. This is all of our campground and the more people involved, the better it is for all of us.

I am always available for anyone to stop by my lot, or one of the events I am at or helping with, and come personally speak with me and get to know me and my family.

I feel you are in great hands with either of us that are running for D section but I would love to earn your vote.

Chuck Spicuzza

Candidate for D Section 2022
