

Hello, my name is David Kirch and I would like you to elect me to be your representative on the Board of Directors in B section. My camp is on Honeycomb lot B-138.

My wife Darlene and I have been members since 2005. We were married for 47 and she passed away February 2020. I have two daughters, four grandchildren and two great grandchildren.

I now serve on nine different committees at the campground which I am active on all these committees Maintenance, Finance, By-Laws, Rules, Membership, Nominating, Safety, Land Usage and pool. I served six years as a board member, most as the chair of the maintenance committee.

I serve on the executive board for the local chapter of Steelworkers Organization of Active Retires (SOAR) chapter 15-7 in West Mifflin, Pa. as the President.

I worked for U.S. Steel at the Irvin plant in West Mifflin, Pa. for 42 years, retiring in February 2009. I had a lot of different jobs including Crew Leader responsible for all activities in the shop I worked in.

I held various positions at the local 2227 United Steelworkers union hall at the Irvin Plant. I personally processed over 2000 written complaints when I was a Grievance Committeeman. I also served on the workers compensation committee as the chairman.

What I'm trying to say, is that over years I have had numerous positions which I displayed leadership and would like to help Slippery Rock Campground Association stay the great campground that it is and better in the future.
