

Hello! My name is Cindy Storoz (everyone knows me as Cindy Bingo), and I am running to be your Board Representative in B Section as a WRITE IN. My 2 daughters and 4 grandchildren spend many summer days with me at my camp lot creating wonderful memories. Sometimes, the people who volunteer “in the shadows” have very good credentials for serving the SRCA Community in a leadership position. I have been volunteering behind the scenes at SRCA since we joined the camp. I took over BINGO, and have kept it running through the turbulence last year. I also serve on Youth and Teens Committee, as well as Way of Means. My “extra time” is spent volunteering around SRCA doing just about any task that’s needed. I passionately love SRCA, and have not only the time, but also the skills needed to assist with ensuring our camp stays stable for years to come.

Prior to my years at SRCA, I owned my own successful beauty salon for many years. I kept all records, tax information, profit/loss documentation, and balanced my budget weekly. It was a self-sustaining, successful business venture. I closed my shop after completing school as a Medical Assistant with 4.0 GPA. As a Medical Assistant, I worked for a general medical practice of 8 providers for almost a decade. During this time, I was the Scribe for the providers (kept all detailed notes in appointments with patients and in meetings), as well as the primary employee to document all insurance claims, preauthorizations, and provided general supervision to one of the practices. I supervised all employees within the office. I completed all orders along with medical duties, as needed. This was detailed work that required a high degree of focus, knowledge, and precision. Finances and payments from insurance companies ran smoothly under my supervision. In my spare time, I worked at two American Legions in my area and was responsible for all “point of sale” items, as well as gambling payments/collections during the shift. My drawers were always able to balance, which is quite a feat considering the amount of gambling money that travels through these clubs on any given day. In my very early years, I managed a tavern/restaurant for 5 years. This was my introduction to balancing budgets, payroll, scheduling, and maintaining all employee financial transactions. I enjoyed the work and the detail it required.

This is a time in SRCA history that will long be remembered. Let’s work together as one and bring our beautiful campground back to the “family feel” and financial stability that the members deserve. I humbly ask for your vote as YOUR B SECTION Representative. Please WRITE IN CINDY STOROZ FOR B SECTION. Let’s make camp great again!
