**I am currently retired.**

I have been a member of SRCA since 1990. I understand the importance of being a member owned and operated Association, which SRCA has been since 1985. I trust myself to represent the membership that I have been a part of for 34 wonderful years. I have and will always actively volunteer my time and commitment to SRCA. I encourage all members to vote and volunteer whenever and however they can.

I currently serve on Nominating, ByLaws, Finance and Pool Committees. I have served on Management, Land use, Rules, Recreation and Youth and Teens Committees.

I am always available to have a constructive conversation and I value all opinions as pertain to our diverse and interesting membership. I promote brotherly love even if I am passionately not in agreement with something. I will be praying for God's blessing on SRCA as I ask for good judgement, kindness and transparency.

If there is something I need to learn, tell me, point me in the right direction or teach me. Life has given me a hands on education and SRCA is a huge part of my life.

My motivation for running for the board is that I trust myself. I do not have any personal agendas or loyalties other than being willing to keep moving forward as a membership so that our happy place keeps happy. I thank and appreciate every single board and board member as they all have been a part of our history and our strength.

**Feel free to talk with me I am your fellow member  
and I care.**
