

Hi everybody! I just wanted to take a second to introduce myself. I'm Bruce Brown and I'm currently at B273. I've been coming to this campground since 1977 with my aunt and uncle and it has been some of my most fond memories of spending time with family and friends. I want to bring my previous experiences of being on the board back this election season to bring something new and exciting to the board. This campground has much potential and I'd like to help improve many things. I'm currently on the management committee and enjoy doing whatever needs done for the campground. I always look to help a neighbor and will always do what is best for the people by taking their ideas and putting them into fruition.

Some specific things I would like to devote my time and attention to on the board include:

- Board Transparency
- Infrastructure Improvement
- Security and employee concerns
- Bringing the fun back to SRCA!

My main intention for running is to increase communication between the members and the board. Far too much lately, there's has been huge miscommunications between the members and the board, I would like to change that. I look forward to meeting you soon and can't wait to make this amazing place a little bit better one day at a time.
