

My name is Debbie DeCubellis. I am running as a write-in for section A here at SRCA. I have been here a little over one year and believe that I would be an asset to the board. I bring a fresh perspective as a fairly new member and I am an independent thinker. You will always know where I stand on the issues. Since joining SRCA, I have joined the safety committee medical response team as I have been an RN for 40+ years. Before retiring, I was the treasurer of our local fire company for 14 years, as well as managing the fire company's very large banquet facility (500+ occupancy). I am budget conscious, ramp certified, and certified as a food safety service manager. As far as my personal life goes, I am a mother of 2, step mother of 2, and grandmother of 9. Th grandkids love it here. They have been to the fishing tournament, family fun day, and have enjoyed plenty of pool time! I look forward to hearing members perspectives and suggestions about the campground that I have grown to love.
